raising awareness

The Jack & Julie
NARCOLEPSY SCHOLARSHIP

About the Scholarship:

Project Sleep's **Jack and Julie Narcolepsy Scholarship** supports students with narcolepsy and fosters awareness of this misunderstood condition within high school and college settings. In 2016, Project Sleep will award **five scholarships of \$1,000** each to high school seniors who will attend a four-year university in the fall of 2016, and who exemplify courage and hope while living with narcolepsy. In 2014, the Graham family partnered with narcolepsy spokesperson, Julie Flygare to establish this first-ever scholarship program dedicated to students with narcolepsy.

What is Narcolepsy?

Narcolepsy is a neurological disorder of the sleep/wake cycle, affecting 1 in 2,000 people, including 200,000 Americans.

Children as young as 3 years old can develop narcolepsy, yet patients often go undiagnosed or misdiagnosed for 3 to 15 years after symptom onset.

Experts state that, “For children with narcolepsy, the stigma of increased daytime sleep can affect social acceptance and increases risks of future psychiatric disorders, potential obesity, and depressive symptoms.”

Greater awareness of narcolepsy will decrease misconceptions and lead to quicker diagnoses.

Meet Jack:

Jack was diagnosed with narcolepsy at age 15, although his symptoms developed earlier. Jack faced challenges in the classroom, yet with diagnosis and treatment, he excelled in high school as a student athlete. Jack is now a sophomore at the University of Arizona, where he is thriving academically and playing intramural basketball. In his spare time he enjoys cheering on the Wildcat basketball team. The adversity Jack faced inspired his family to look for ways to support other young students with narcolepsy.

Meet Julie:

Julie Flygare, J.D. is the founder of Project Sleep and author of *Wide Awake and Dreaming: A Memoir of Narcolepsy*. She was diagnosed with narcolepsy at age 24, during her second year of law school. After graduating, Julie dedicated herself to raising awareness about narcolepsy. Read her blog at www.julieflygare.com.
