

JOIN THE CAMPAIGN!

SHOW THE WORLD THAT NARCOLEPSY IMPACTS PEOPLE EVERYWHERE

1. PRINT THE SIGN

Print the sign and use a thick marker to write your location like:

LOS ANGELES, CA
USA

2. TAKE YOUR PHOTO

Choose a location for your photo and snap a pic! Local monuments are great spots to show off your hometown.

3. SHARE ON SOCIAL MEDIA

Share your photo on social media using #WorldNarcolepsyDay and tagging @project_sleep. Engage with other campaign participants!

Narcolepsy is a chronic neurological condition affecting about 3 million people worldwide, yet because of low awareness, a majority of those living with the condition are currently undiagnosed. On World Narcolepsy Day (Sept. 22, 2019), get involved and raise your voice online using #WorldNarcolepsyDay.
