

Do you have narcolepsy type 1 (NT1), narcolepsy type 2 (NT2), or idiopathic hypersomnia (IH)?

Jazz Pharmaceuticals and IQVIA are currently looking for **individuals (≥18 years of age) who have been diagnosed with NT1, NT2, or IH** to take part in a paid research interview study.

What is this research about?

- To help us learn more about what it is like to live with NT1, NT2, or IH, including impacts on your daily life

Why do we need you?

- Your participation will contribute to a better understanding of NT1, NT2, or IH, and how to best measure symptoms and impacts of NT1, NT2, or IH

What does it involve?

- Two video- or audio-conference interviews, lasting up to 60 minutes each (conducted on separate days)
- Answering questions and completing questionnaires about your NT1, NT2, or IH experience and providing feedback on the questionnaires
- You will be given \$100 for participation in the first interview and \$150 for participation in the second interview

To see if you qualify:

<https://survey.cmix.com/99B13918/7E301C4Q/en-US>

If you have any questions, please contact:

NarcolepsyandIH@iqvia.com

If the study team determines that you're eligible to participate, your first interview will be scheduled on a day and time that is convenient for you.

The study is strictly for research purposes; there will be absolutely no sales or promotional activities.
